

VEHICLE MODIFICATIONS FOR MOBILITY

It's how you get there

ABOUT US

Vanquip Mobilities is a family owned and operated Vehicle Modification Company committed to assisting the needs of individuals by providing tailored mobility solutions. We specialise in adapting vehicles, providing innovative ideas and quality solutions to ensure all levels of need are cared for and given the independence they deserve.

From vehicle access equipment to driving aids, Vanquip Mobilities has a product range to stand out as the complete supplier.

With the 30 years of experience in our company, teamed with the highly trained technicians and friendly staff members, Vanquip Mobilities have continually delivered outstanding results for not-for profit organisations, government departments, aged care homes and the individual client to name a few. Our excellence in project management means we can take on many vehicles at one time and provide a fast turnaround.

Vanquip Mobilities' passion for helping those less fortunate inspires the team to create ways that ensure safe travelling, comfort, and in some cases, independence. The gratifying knowledge that our provision in vehicle solutions can help bridge a gap in the lives of those dealing with illness, age or infirmity, is the reason Vanquip Mobilities keep moving forward, assisting clients day after day.

Our products are carefully selected; we are a quality focussed company and have sourced state-of-the-art equipment from around the world. Keeping ahead of the rest with technology, design and quality is the reason Vanquip Mobilities can offer unmatched customer support, service and results.

“

We aspire to assist in enhancing human potential by providing state-of-the-art products and solutions, to promote mobility, engagement and independence among individuals affected by disability.

FAMILY

“

A true friend knows
your weaknesses
but shows you
your strengths,
feels your fears but
fortifies your faith;
sees your anxieties
but frees your
spirit; recognizes
your disabilities
but emphasizes
your possibilities.

William Arthur Ward

Vanquip Mobilities recognises the need for safe and comfortable transport for all abilities. Almost any vehicle can be converted to help you keep your independence and enjoy driving. Our team of specialist engineers will create an adapted vehicle from your existing car with exceptional precision, care and expertise.

Vanquip Mobilities fit the vehicle to the client. We understand that in order to facilitate a vehicle so it is perfect for the customer, we need to get to know the individual in a compassionate, friendly and professional manner. Clever design solutions allow the wheelchair user to be socially integrated with family and friends whilst safety secured during travelling time.

- Wheelchair lifts
- Seating
- Tracking and restraints
- Handrails
- Automatic and manual steps

COMMUNITY

Do more
than belong;
participate.
Do more than
care; help.
Do more than
believe; practice.
Do more than be
fair; be kind.
Do more than
forgive; forget.
Do more than
dream; work.

William Arthur Ward

There are companies and organisations in our community that care for our aged, and less abled. They play a vital role in the lives of millions of people each day.

Vanquip Mobilities assist any of these companies by providing and installing the necessary equipment they need for their vehicles. Retirement/Aged care homes, Charity organisations, non-for-profit organisations, Governments and city councils, Hospitals Schools, Transport providers (taxis and bus companies), Disabled Care.

We understand exactly what is required from companies and organisations such as these; professional service, clarity, quality, affordability, and a one stop shop, including all necessary certifications. It is important for these vehicles to be equipped to accommodate all kinds of abilities in order for the carers to support their clients. Vanquip Mobilities promise to see the whole process through, from the initial consultation, a timely and reliable vehicle conversion, to the exceptional follow-up support.

This is what sets us apart from the rest.

- Wheelchair lifts
- Seating
- Tracking and restraints
- Automatic and manual steps
- Hand controls

LOW FLOOR CONVERSIONS

Do not go
where the path
may lead, go
instead where
there is no
path and
leave a trail.

Ralph Waldo Emerson

As the single provider and installer of Low Floor Conversions in WA, Vanquip Mobilities have a long standing reputation of transforming vehicles with state of the art equipment and precise expert knowledge.

There are no boundaries when it comes to creating a perfect vehicle modification, we take great pride in being able to offer vehicle solutions that provide functionality for both the wheelchair user and their family.

To complement our unmatched level of expertise we have consistently modified vehicles with low floor conversions, and in each case, built a positive relationship with another happy client.

As specialists in low floor conversions, we aspire to serve our clients in the best possible way. We believe that buying a vehicle should be an exciting experience; taking a wheelchair with you should not be complicated.

Our products, extensively and individually sourced from Europe, are of exceptional quality.

DRIVING AIDS

“

The man who
thinks he can
and the man
who thinks he
can't are both
right. Which
one are you?

Henry Ford

Vanquip Mobilities can supply and fit hand controls to almost every vehicle to assist individuals with driving independence. All adaptations are fitted by our specialist technicians, who deliver quality workmanship backed by 20 years' experience.

With hand and foot controls installed to best suit the client, there's no limits on who drives or where they go!

- Push/Pat Hand Controls
- Push/Pull Hand Controls
- Push/Twist Hand Controls
- Steering spinners and balls
- Easy Release Handbrakes
- Left Foot Accelerators

RESTRAINT SYSTEMS

The safest way for a person to travel in any car is seated and wearing a seat belt. At Vanquip Mobilities, we do not underestimate the importance of safety in any vehicle modification.

All our restraint systems are crash tested and approved. We supply and fit a large range of different restraints.

Wheelchairs can vary from lightweight manual types weighing less than 20kg to powered chairs with add on features weighing up to 200kg.

Vanquip Mobilities work closely with their clientele in all sectors of the accessible transport market to provide wheelchair tie-downs and occupant restraints suitable to the requirements of all wheelchair types and their users.

“

I'm a success today
because I had a friend
who believed in me
and I didn't have the
heart to let him down.

Abraham Lincoln

SEATING SYSTEMS

“

There is something
that is much more
scarce, something
rarer than ability.
It is the ability to
recognize ability.

Robert Half

We believe the most precious cargo that can ever be transported is human life. That's why we make sure that safety comes first with all our seating. After the seats are installed, Vanquip Mobilities will carry out the necessary steps to ensure the vehicle is legally certified.

If the trip is worth taking why not make it comfortable. For 30 years, Vanquip Mobilities have maintained a sound reputation for quality seating. Our seating comes in a range of options, for all abilities, vehicles and capacity.

Vanquip Mobilities can modify, remove or install any seating options to suit the requirements of the customer. Replacing the vehicle floor and fixing tracking to the floor allows seats to be easily added or removed quickly.
